

# "Seed of Life Garden"

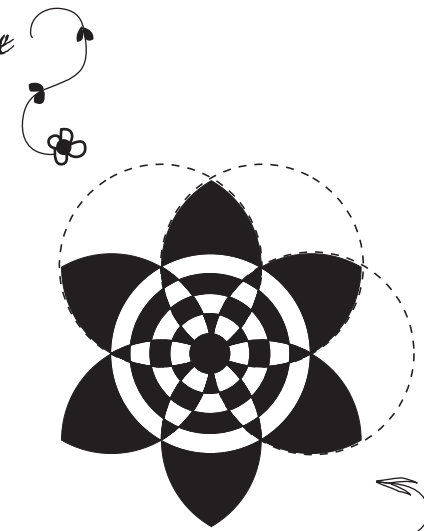

A Self-sufficiency start-up garden that grows into an abundance garden... by its very nature

## You will use:

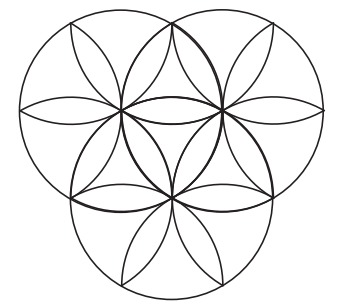

- A piece of rope of a length equal to the desired radius
- A powdered substance (i.e. lime) with which to mark the outlines.
- A person or wooden stake to hold the arc centers.

- Ring of Flowers (flores)
- Ring of Culinary Plants (por la sabor)
- Ring of Medicinal Plants (plantas medicinales)
- Ring of Food (plantas para comer)
- Planted Beds (para las plantas)
- Walking areas of various materials (para nosotros de qual quiere materiales)

Patterns emerge to expand area in cultivation (mucho posibilidades por el expansion del garden)
